

```
c_parser_frontend::  
parse_functions::ObjectConstruct  
Data::ConstructObject
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains three lines of C++ code. The right box is light gray with a black border and contains three lines of C++ code. The arrow is a solid blue line with a triangular head pointing towards the right box.

```
