

frontend::generator  
::syntax\_generator::  
SyntaxGenerator::GetNodeSymbol  
StringFromId

```
graph LR; A["frontend::generator  
::syntax_generator::  
SyntaxGenerator::GetNodeSymbol  
StringFromId"] --> B["frontend::common::Unordered  
StructManager::GetObject"]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow pointing from left to right. The left box has a light gray background and a black border, containing the text 'frontend::generator', '::syntax\_generator::', 'SyntaxGenerator::GetNodeSymbol', and 'StringFromId' stacked vertically. The right box has a white background and a black border, containing the text 'frontend::common::Unordered' and 'StructManager::GetObject' stacked vertically. A blue arrow points from the right side of the left box to the left side of the right box.

frontend::common::Unordered  
StructManager::GetObject
