

```
c_parser_frontend::  
parse_functions::ObjectConstruct  
Data::AddFunctionTypeArgument
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box has a light gray background and contains three lines of C++ code. The right box has a white background and contains three lines of C++ code. The arrow indicates a transformation or relationship between the two states.

```
c_parser_frontend::  
type_system::FunctionType  
::AddFunctionCallArgument
```
